

Grants Management

AccuFund Anywhere Online

Get All Your Grant Information in One Convenient Place

AccuFund's browser native Grants Management module empowers your agency to fully manage the grant process, from application, approval, task assignments, and spending to reporting and grant retirement.

The module goes beyond financial data to deliver a centralized location for all your grant information, drillable report queries, and data fields including dates, tasks, sources, scanned documents, and more. Everything you need is readily available, so you don't have to go looking in multiple locations to get the full picture of a grant's status.

The screenshot displays the AccuFund Grants Management interface. At the top, there is a 'Grants' tab with a close button (x). Below the tab, there are 'Submit' and 'Cancel' buttons. A left sidebar contains a 'Tabs' menu with options like 'Add', 'Delete', 'Address', 'Phones', 'Contacts', 'Demographics', 'Images', 'Information', 'GrantBudget', 'GrantStatus', 'Reports', 'SubGrants', 'History', 'A/R Invoices', and 'Bills'. The main area displays a form for a grant record with fields for Status (Active), Award # (789787), Award Type (Grant), Funding Agency, Agency Type (Federal), Start Date (10/01/2014), End Date (10/31/2015), Extended Date, and Payment Method (Invoice). An 'Audit Required' checkbox is also present.

A Productivity Booster for Grant Administrators

The AccuFund Grants Management module builds from the organization table and puts addresses, phone numbers, contacts, and notes at your fingertips.

The module takes full advantage of AccuFund's strong document management capabilities, which allow you to store all related documents in one place for easy review and retrieval.

Customizable views enable you to have live reports of active records, showing the data you need to see in a drillable browse window.

Standard fields are available for forms and reports, and custom fields are easy to deploy. All fields can track changes over time and can accommodate multiple entries, such as grant submission records.

Other Key Features Include:

- Customizable client and demographic screens.
- Multi-column financial views, including actual, fiscal budget, grant budget, encumbrance, and requested over specified time periods (month-to-date, year-to-date, and grant-to-date).
- Revenue and expense details.
- Quick Report functionality that shows activity associated with each reported cell.
- Grant Views, a customized, drillable summary of grants.
